william walsh, phd: epigenetics as a source of mental ... -

William Walsh, PhD, is a leading expert in the field of epigenetics and its role in mental health. His research shows that our environment and lifestyle can influence our genes, leading to mental health issues. He has written several books on this topic, including "The Mind-Body Connection" and "The Power of the Mind". He is also a frequent speaker at conferences and seminars. He is currently working on a new book about the role of epigenetics in mental health.
